IRVING'S SINCERITY.

Washington Irving was good-natured, and delighted to do little deeds of kindness; but he was also a sincere man, and would not pay even conventional compliments unless they were merited. Once, while in London, he and a literary friend were invited by a merchant to drive to his country house and spend a day or two there. The carriage stopped at the gate of the merchant's park. The host alighted and asked his guests if they would walk through the grounds to the house. The friend started to get out, but Irving held him down by the coat, and they both drove to the house; the merchant followed on foot.

"I make it a principle," said Irving, when they were out of hearing, "never to walk with a man through his own grounds. I have no idea of praising a thing whether I like it or not. You and I will do them to-morrow by ourselves."

SWITCHMEN STRIKE.

The Men at Evansville, Ind., Go Out for Better Wages--Another Strike at Chicago.

EVANSVILLE, Ind., Oct. 22.—At 5 o'clock yesterday afternoon the yard-switchmen of the Louisville & Nashville at this point, who have been getting twenty-two cents an hour, demanded 25 and 27 cents for day men and 27 and 29 cents night men. Previous to quitting they bunched all the freight cars on the union track and then removed the coupling pins. Nearly 3,600 feet of track is covered with cars unable to be taken out.

There are twenty-nine men in the strike, and they claim that the men on the entire system will go out and that the Mackey and other systems will join them to-day. The officials were given no notice and were caught at a disadvantage. They appealed for police assistance, and Captain Reising and a detail of men were sent to the yards. There were many threats but no violence. The men say they will not let a train leave until their demands are granted, and trouble is feared.

CHICAGO, Oct. 22.—Eighteen switchmen, the entire night force of the Wisconsin Central railroad in the city, struck last night at 8 o'clock and not a wheel has turned on switch engines in the yards since. Police protection was asked and Lieutenant Croak, Sergeant Fox and twenty patrolemen went on duty at the yards. There was no trouble, however. The cause of the strike is the discharge of a union man. It is declared by the switchmen that if the matter is not settled at once that the day switchmen and brakemen will strike.

LASALLE, Ill., Oct. 22.—After nearly six months of idleness the miners here have finally settled their differences with the operators and work will be resumed to-day. The basis of settlement was 82½ cents per ton for mining and $1.75 per day for drivers.

STILL BURNING.

Forest Fires Raging in Three States. --Flames Elsewhere.

PORTLAND, Mich., Oct. 22.—Forest fires are resulting disastrously for farmers in Portland, Sebewa, and Westphalia townships, Ionia county. A widow named Spencer lost her house and farm buildings in Sebewa. Crossings have burned out on the highways west of Westphalia, and farmers are fighting the flames night and day. Valuable timber in Sebewa swamps has been destroyed.

ELLSWORTH, Wis., Oct. 22.—Forest fires are raging in the wooded portion of this (Pierre) county. Several houses, large quantities of dry wood, grain stacks, &c., have been destroyed.

DECATUR, Ind., Oct. 22.—Forest fires have been raging in the neighborhood of this city during the last forty-eight hours, doing an immense amount of damage to crops, fences, timber, &c. There has been no rain here for six weeks. The wells and cisterns are giving out and stock is suffering greatly for the want of rain.

THE MARATIME CONGRESS.

It Meets in Regular Session at the Capital City To-day.

WASHINGTON, Oct. 22.—Captain Luiz Felippe D'Saldauha da Goma, and Captain Joaquinn Antonio Cordovie Mauriety, delegates from Brazil, took seats in the Maratime conference this morning for the first time. Mr. Goodrich set the International Maratime conference in motion this morning by introducing a resolution providing for the appointment of a committee of five members to whom should be referred all resolutions in regard to new systems and devices, and that the resolutions, if favorably considered, should be reported back to the conference. This motion was adopted.

The rules of the road, known as the steering and sailing rates, were then taken up and discussed briefly, but no changes were made, although several minor amendments were suggested.

LONDON, Oct. 22.—A Russian company has obtained from the Shah of Persia, the grant of a charter to establish at Fauris, a commercial bank, having a branch at Meshid.

TELEGRAPH TALK.

News of the Day as it Comes Over the Wires.

WASHINGTON, Oct. 22.—Surgeon-General Hamilton, of the marine hospital service, has received a telegram from Dr. Porter, at Key West, reporting another case of yellow fever at that place and that quarantine restrictions have been resumed. The patient in this case is E. Ellinger, who left Havana September 21, bound for New York.

BOSTON, Mass., Oct. 22.—It is reported that MRS. Walker H. Price, well known as a keeper of several fashionable boarding houses on Beacon Hill, has eloped with Dr. F. G. Blinn. The couple are said to have gone to New York, and it is alleged that Mrs. Price took with her $500 belonging to her husband. Dr. Blinn has had an office in this city since July, and has for some months been almost constantly in Mrs. Price's company.

DES MOINES, Ia., Oct. 22.—The democrats since the publication of the assistant secretary's letters, have been saying that General Larribee did not dare endorse publicly Senator Hutchinson, pretending that he was not acceptable to the anti-monopolists. The governor took up the challenge and this afternoon wrote for publication a strong letter to a gentleman of this city endorsing Senator Hutchinson fully and unequivocally.

WASHINGTON, Oct. 22.—A telegrma sent to Chicago yesterday developed the fact that no divorce had been granted there to Dr. Fraser, the married man who ran away with Lillie Thorn last Wednesday. It has been learned that no marriage license was issued to him and Miss Thorn in Baltimore. So he has not been guilty of bigamy. Mrs. Thorn is distracted with grief. Nothing is known of the whereabouts of the couple.

NEW YORK, Oct. 22.—Miss Ida Florine Newcomb, the eighteen-year-old daughter of Richard I. Newcomb, the famous lawyer, eloped last Saturday with George Washington Lederer, the theatrical manager. The pair were married at Long Island City. Miss Newcomb's parents have become reconciled to the situation.

LONDON, Oct. 22.—Mr. Charles Bradlaugh, member of parliament for Northampton, is lying very ill and his friends fear that he is dying.

DENVER, Col., Oct. 22.—The celebrated gold brick schemer and confidence man, Frank Hine, alias George Hall, made his confession last night at his residence here in the presence of a notary public and a number of witnesses.

WASHINGTON, Oct. 22.—Judge Matthew P. Deady, of the Oregon federal circuit and district court, before whom the famous Sharon-Hill case was brought to a hearing, is in Washington. Judge Deady wrote the opinion declaring the famous marriage contract a forgery and Judge Sawyer wrote the concurring opinion. Being interviewed by a reporter, Judge Deady said:

"I came east as a delegate to the Episcopal convention in New York. Yes, I sat in the Sharon-Hill case. The fact is, that woman was merely his mistress. He gave her $500 a month, furnished magnificent quarters and spent money on her lavishly. Her influence on Judge Terry was undoubtedly bad. She urged him to acts beyond even his own instigation. In November she will be tried before me for resisting the authorities. It is very likely that she may at some favorable opportunity attempt the lives of Justice Field, Judge Sawyer or myself. I predict she will die a violent death."

Democratic Clubs.

NEW YORK, Oct. 22.—The convention of the state league of Democratic clubs was called to order at the Hoffman house at 1 o'clock to-day. Prominent democrats from the towns and cities throughout the state were present. The address of welcome was delivered by J. H. V. Arnold and a letter from ex-President Cleveland was read.

Lost at Sea.

NEW YORK, Oct. 22.—A dispatch from Newport News, received here to-day from Captain Brown, of the Barbentine Josephine, bound from Port Spain, Trinidad, for New York, states that vessel has been lost at sea.

The authorities are looking after some crooked work in connection with the mail service on the Grand Rapids and Indiana road and the Bee Line. Several mail sacks, cut and contents gone, have been found lately under a bridge of the Grand Rapids, crossing the White river, and indications go plainly to show that it was the work of some one in the mail car.

THE RECORD OF DEATHS,

And Ruin Wrought by the Floods in Japan--Horrible Story From That Far-Away Land.

SAN FRANCISCO, Cal., Oct. 22.—Japanese papers received by the steamship Belgio, which arrived here last night from Hong Kong and Yokahoma, show that 659 people were drowned and 121 injured in the prefecture of Aichi alone during the floods of September 11. Over 1,000 dwellings were swept away and 1,000 acres of crops destroyed. The Japan *Mail*, reviewing the calamities caused by floods during the year 1889, says:

Incomplete returns show that twelve prefectures have been devasted, 2,419 people killed, 1,550 wounded and over 9,000 people deprived of means of subsistence. More than 8,000 houses have been swept away or submerged, 150,000 acres of crops destroyed, about 6,000 bridges swept away and several hundreds of miles of roads broken up.

The following story comes from Kiangusko:

During the absence of the teacher of a boys' school located near a temple, the pupils, six in number, conceived the idea of playing a joke on him. Five of them hid in empty coffins and the sixth boy closed the lids. On the teacher's return he informed him that his five companions had gone to heaven, their bodies being now in the coffins. He hastened to remove the lids of the coffins, when, to his horror, he found all five boys dead, they having been suffocated. The sixth boy fled, but the teacher overtook him and flogged him to death.

A FAIR ADVENTURESS!

Makes Use of Her Charms to Dupe Wealthy Men.

NEW YORK, Oct. 22.—A morning paper publishes a long account of the operations of an adventuress, whose real name is Caroline F. Wells, but who has gone under many aliases. She is said to have duped a number of wealthy men and the statement is made that her latest victim is Geo. F. Woolston, a young western millionaire bridge builder and railroad contractor, who is said to have given her a million dollars in securities.

It is also alleged that Mrs. Woolston discovered that a secret divorce was being plotted, and that she had had a dramatic interview at Sheepshead Bay with Mrs. Wells, during which the latter shot at but missed her, and that the adventuress thereupon fled, leaving behind a trunk full of letters, which are now in Mrs. Woolston's possession, implicating a number of prominent men.

CHICAGO BASE BALL CLUB.

Manager Spalding is on the War Path.

CHICAGO, Oct. 22.—Unless all of Spalding's reserved players sign contracts by Saturday, writs of injunction will be sued out to prevent their playing with any other team. Spalding is on the war path. He has half a dozen attorneys and will fight the brotherhood to the bitter end.

All the reserved players received in their mail this morning a notice couched in legal terms to the effect that a contract is awaiting their signature under the eighteenth section of their last year's agreement, which gives President Spalding the right to reserve them for this season.

LIVED IN LUXURY.

He Robbed His Employers Years Ago and Now Appears to Defy Prosecution.

ALLENTOWN, Pa., Oct. 22.—Much surprise was occasioned here yesterday by the announcement of the reappearance of Professor W. K. T. Grossman, who some years ago robbed his employers and was supposed to have gone to Canada. Grossman, up to January 1, 1887, was employed as bookkeeper for the wholesale grocery firm of Johnston & Swartz in this city. He also operated a large furniture factory, was a partner in a music store and was at one time a director of music.

He lived in great luxury, was the owner of several fast horses and spent money lavishly to entertain his friends. The suspicions of the grocery firm were aroused late in 1886 by their bookkeeper's manner of living and they made an investigation of the books. The examination showed that Grossman had been systematically robbing his employes for six years. An expert was intrusted with the responsibility of straightening out the defaulting bookkeeper's accounts and he found a difference of about $25,000.

As soon as the extent of the shortage became known the firm started a criminal suit against Grossman and when the ex-book-keeper was accused of the crime he acknowledged his guilt. A few days later the ex-book-keeper's factory and personal effects were seized by the sheriff on executions issued by Johnston & Swartz and other creditors. The result of the sale was that the grocery firm became possessors of the factory, while the other creditors received the proceeds of the sale of the fast horses and furniture. Johnston & Swartz abandoned the criminal prosecution, but George J. Wertz, of New York, in order to enforce the payment of a claim of $600, had Grossman re-arrested on a criminal charge for embezzling Johnston & Swartz's money. Grossman gave bail, but when the case was called for trial the professor failed to materialize, and it was currently reported that he had gone to Canada.

Grossman lingered near the city and at night went to his home. Here he spent over two years in his splendid library, which is one of the best in town. His whereabouts were known only to his attorneys and about fifteen of his nearest friends. The latter had frequent visits to the house, which Mrs. Grossman continued to occupy. The defaulting book-keeper made his first appearance in public since his escapade Sunday night and now defies civil or criminal prosecution.

RAILROAD MATTERS.

Joint Meeting of Local Freight Committees in Chicago To-day.

There was a joint meeting in the committee rooms of the Central Traffic association in Chicago to-day of the local freight committees of Detroit, Jackson, Battle Creek, Kalamazoo, Niles, Lansing, Grand Rapids, Toledo, Sandusky, Fostoria, Findlay, Tiffin, Lima and Fort Wayne. The meeting is called at the request of the Toledo, St. Louis and Kansas City road to consider a revision of rates from Toledo to western and southwestern points. When the Toledo rate sheet was made the above road was a narrow guage. Since its change to a standard guage last spring it has been in the market for through freights and now wants the rate sheet revised with reference to that fact. The Toledo rate sheet has been in force for a good many years and independent of the demands of the Toledo, St. Louis and Kansas City needs the revision which this meeting will probably give it.

The State Printing.

Yesterday bids were received for the state printing for the next two years beginning November 1. The bids were opened at 2 o'clock in the afternoon, and the board labored with them until 4 o'clock, but in that time footings were not completed so that the amount of each bid could be learned.

The competitors for the work are: The *Sentinel* printing company, William B. Burford, Hasselman-Journal company, Carlon & Hollenbeck and Baker & Randolph. The contract will probably not be awarded for a day or two.

Suit to Recover Money Lost by Gambling.

BOSTON, Oct. 22.—In the superior court yesterday the trial was begun of the case of Henry Reeb, jr., vs. Wm. Thornton to recover $15,000, which he alleges was won from him at gaming by the defendant at the Savage club, on Bosworth street, last January. The case is unfinished.

HON. J. H. BASS.

His Name Mentioned by a New York Paper as the Next Governor of Indiana.

The New York *Herald* of yesterday publishes a telegram from Fort Wayne, which, after speaking of John H. Bass' extensive manufacturing interests, continues as follows:

"Mr. Bass is eminently a self-made man. Some twenty years ago he was bookkeeper for a small firm in this city. He bought an interest in the firm subsequently, and from a primitive beginning built up one of the largest industrial establishments in the country. He is still in the prime of life, active, and a shrewd business man.

"He is a prominent democrat, and has many times been offered political honors, but always declined them on the plea of business engagements. Two years ago, when the candidacy of Judge Lowry for renomination as congressman from this district caused a serious bolt in the democratic party, and led to the election of J. B. White, a republican, for the first time in the history of this district, Mr. Bass was asked to accept the nomination and prevent a split in the party, but he declined. He was, with Senators Voorhees and Turpie, a delegate at large from this state to the democratic convention at St. Louis in 1888, and was also made a presidential elector in the same campaign.

"While he is not a politician, he welded, nevertheless, a strong influence in the last campaign through his outspoken tariff reform views, and his interviews published at the time in the New York *Herald* created consternation among the protectionists of the Carnegie stripe.

"It is thought by some that Mr. Bass is willing to dispose of his business interests, because offers of high political honors have again been made to him. If Mr. Bass could be induced to accept the nomination for governor of Indiana there can be no doubt that he would sweep the state like wildfire. There will not be an election for governor for the next three years, but a new congressman will be sent to Washington from this district in 1890, and if Mr. Bass had no serious objections he might spend a year in Washington before occupying the gubernatorial chair in Indianapolis.

"It is not known that Mr. Bass has any political aspirations, and even his most intimate friends are in the dark on that score, but if he desired to enter the political arena he could have any office in the gift of the party in Indiana."

RAILROAD COLLISION.

A Terrible Accident Occurs in Kentucky.

GLENDALE, Ky., Oct. 22.—A terrible railroad collision is reported at Lynland on the Louisville & Nashville. A special with doctors has gone to the scene. No particulars yet.

At the general manager's office of the Louisville & Nashville it was stated this afternoon that ten persons were injured, but nobody killed. The worst hurt is a Mr. Vandyke Hieser, of Millerstown, Ky., believed to be fatally.

The Louisville and Nashville surgeons gave all the injured persons surgical attention. The collision was between two passenger trains, one of which had taken the siding, and the switch being left open, was run into by the other.

Ball Players.

NEW YORK, Oct. 22.—None of the New York players as far as known, have signed contracts for next season and it is said they will not sign. The men say they have too large a contract on hand at present "downing" the Brooklyns to talk about any others.

GOVERNOR FORAKER

Is Resting Easy, but He is a Very Sick Man.

COLUMBUS, O., Oct. 22.—Governor Foraker rested very quietly last night, and Mrs. Foraker says he had the best night's rest since he was taken sick. She says, however, that he has taken no food, and probably will not be able to take solid nourishment for several days to come.

Mrs. Foraker speaks very encouragingly as to his condition. Dr. Kinsell, the attending physician, says the governor is still a very sick man. He has issued no official bulletin, and will not do so unless requested by the family.

DANGLING IN THE AIR.

The Lynching of Berrier For the Murder of His Mother-in-Law.

COLUMBIA, S. C., Oct. 22.—Some very curious facts in connection with the recent lynching of young Robert Berrier for the murder of his mother-in-law near Lexington, N. C., have just come to light.

A party who witnessed the hanging says Berrier was taken from the jail at 7:30 and immediately carried to the outskirts of the town under a large oak tree. Here the mob stopped and asked the prisoner if he was ready to die.

Berrier said he would be if he would meet his wife and babe in heaven.

The mob then informed him that he would be allowed time to prepare for death. About this time a drummer, who was in town, came upon the scene and asked to be allowed to pray with the condemned man. His request was granted and he knelt down by the side of Berrier and prayed very fervently that God would save his soul. During the prayer many hearty "Amens" and such responses as "Lord grant it," "Jesus receive the spirit," &c., went up from the mob.

For more than three hours praying and regular religious services were conducted. A few minutes before midnight, Berrier expressed his willingness to die. He was then placed on a horse with a rope about his neck, and then as an appropriate hymn was raised, the horse was led from under him and the body left dangling in the air.

TO ABRAHAM LINCOLN Artemus Ward's book was a never-failing fountain of fun. Of the quaint spelling and the side-splitting jokes in A. Ward's compendium of humor the President liked to talk with the grave Stanton, to whom fun was a mere waste of raw material. On a certain Sunday, always Lincoln's day for relaxation, he said: "Stanton, I find a heap of fun in A. Ward's book." "Yes," said Stanton, dryly, "but what do you think of that chapter in which he makes fun of you?" Mr. Lincoln quickly replied, "Stanton, to save my life, I never could see any humor in that chapter."

ANSWERING A PULPIT QUESTION.

A minister was preaching to a large congregation in one of the Southern States on the certainty of a future judgment. In the gallery sat a colored girl, with a white child in her arms, which she was dancing up and down with commendable effort, to make baby observe the proprieties of the place. The preacher was too much interested in his subject to notice the occasional noise of the infant; and at the right point in his discourse threw himself into an interesting attitude, as though he had suddenly heard the first note of the trump of doom, and looking toward that part of the church where the girl with the baby in her arms was sitting, he asked in a low, deep voice:

"What is that I hear?"

Before he recovered from the oratorical pause so as to answer his own question, the colored girl responded in a mortified tone of voice, but loud enough to catch the ears of the entire congregation:

"I don'no, sa, I spec' it is dis here chile; but indeed, sa, I has been doin' all I could to keep him from 'sturbin' you."

It is easy to imagine that this unexpected rejoinder took the tragic out of the preacher in the shortest time imaginable, and that the solemnity of that judgment-day sermon was not a little diminished by the event.

THE German Kaiser is said to be less eccentric as an emperor than he was as a prince. He has surprised even his warmest friends by the good sense he has displayed since he came to the throne. The weight of responsibility has been to him an effective ballast.

AN oyster bed of unusual size and richness was discovered recently by a Danish fisherman near the coast of Jutland. It is some eleven miles from land and fifteen miles long by seven miles wide.

THE New York *Tribune* says that the *Presbyterian Review* is to suspend publication, owing to doctrinal differences between its two editors, who represent Princeton and Union seminaries.

THE report of the committee investigating the pension office finds that it is almost impossible to find out how many pensions have been re-rated, as many of them were set down as re-issues. The management was found to be as loose as heretofore stated.

THE Mississippi republicans have withdrawn their state ticket from the campaign and sent out a protest. The astute party managers should have remembered that whatever luck the ticket would have had at the polls, the protest will not have a ghost of a show.

TWO EVENTS of especial interest to the colored race occurred last week. The Canon committee of the house of deputies of the general convention reported against establishing a separate church organization for the colored people, and the senior class of Harvard have just elected to the coveted place of class orator a colored student. The race problem will settle itself if it is not meddled with.

DR. TALMAGE announced to his congregation in Brooklyn Sunday that the board of trustees of the church had purchased last week the property, 150x200 feet, on the northeast corner of Clinton and Green avenues, on which to erect a new tabarnacle to replace the burned one. It is understood that the price was in the neighborhood of $125,000. Dr. Talmage also stated that he would personally break ground for the church the afternoon of Oct. 28.

A QUIET movement is on foot to secure the enforcement of the Sunday law against all classes of business at Indianapolis. For a long time saloons and barber shops have been under ban. Sunday a clothing merchant was arrested, but the case was dismissed on a technicality. The chief of police has instructed his men to arrest all violators of the law next Sunday. The supreme court has held that drug stores, and news stands may remain open.

A NEW feature has been introduced into the Sunday afternoon services at the City department of the Young Men's Christian association by the addition of a cornetist to the music of the hour. It was commenced last Sunday and added greatly to the interest of the meeting, the song service being led by Mr. Strickland, vocalist; Mr. Todd, cornetist, and Mr. Crozwell, organist. The meeting last Sunday was led by Mr. S. C. Jaques, who delivered an interesting address on the subject, "Happy Thoughts."

IT IS announced, apparently by authority, that the American Cotton-Seed Oil trust is about to abandon its trust character and become a corporation under the laws of some state, its capital being the same as at present. The statement is made in connection with this announcement that the prime motive in dissolving the trust is the intense and increasing antipathy of the American people to trusts of whatever character. The Cotton-Seed Oil trust is an attachment of the Standard Oil company and has unlimited capital.

AN advertisement in the New York papers offers $1,000 reward for an original copy of the newspaper containing a description of Drawbaugh's "talking machine or telephone," printed sometime between 1870 and 1876. In one of the telephone suits begun in 1880, witnesses testified that they had read in a Harrisburg paper a description of a telephone at Drawbaugh's home. The case having been recently reopened the attorneys interested in the Drawbaugh claim are anxious to find the paper. They assert that certain numbers of the Harrisburg papers on file in libraries have been destroyed.

GOVERNOR GRAY, of this state, who has been speaking in Ohio for the last few weeks, says that he does not want to go on record as prophesying a great democratic victory in Ohio next month, but he says that there is a good fighting chance and that all the ordinary signs of democratic success he thinks are discernible in the political horizon. The Ohio republicans are not sympathizing with Foraker's third term ambition and are not fighting with their accustomed vigor. Many more are demoralized at the Tanner episode in national politics and for this and other reasons are much dissatisfied with Harrison's administration. The governor thinks that unless the Ohio reserve turn out with unusual strength Mr. Campbell will be elected.

AFTER BREWERIES.

Perry A. Randall Seeking Brewing Interests for a Syndicate.

The Lafayette *Courier*, of yesterday, contains the following:

Perry A. Randall, a prominent attorney of Fort Wayne, was in the city today in the interest of the English syndicate organized to purchase the brewing interests of the United States. Mr. Randall a short time ago negotiated the sale of the Jenney electric plant to the Thomson Houston company, in which five Fort Wayne parties cleared about $75,000 each, and has been employed by the English syndicate which last week purchased the Indianapolis breweries, and is reaching out for all the first-class plants it can secure control of. The fame of the Lafayette breweries, and the high quality of their product, is well known throughout the country, and it is no surprise therefore, the syndicate is making an effort to secure control of them.

Mr. Randall called upon the brewing firm of Thieme & Wagner, this morning, and offered to purchase the brewery at an extravagant sum. Mr. Thieme told him he was willing to sell if his partner, Mr. Wagner, would agree to the bargain. Then Mr. Wagner was consulted and stoutly refused to consider any proposition. Mr. Randall argued that he (Wagner) was getting a good price for the brewery and insisted that he accept. The argument on the matter continued for some time until Mr. Wagner became enraged and ordered Randall to leave the place or he would blow the whistle and call the police. "If the English syndicate can afford to pay such a price for this brewery and make money out of it, there is money in it for us and we intend to keep it," said Mr. Wagner.

Mr. Randall reached the conclusion that there was no use in trying any further and left.

TEMPLE ATTRACTIONS.

"A Possible Case" Coming Again—"The Old Homestead."

"A POSSIBLE CASE" COMING AGAIN.

It will be like greeting old and dear friends to welcome once more Sydney Rosenfeld's charming comedy and Manager Hill's admirable company of comedians. The play is announced for presentation at the Masonic Temple this evening.

"THE OLD HOMESTEAD."

It is a treat nowadays to go to a theatre and see a play which is light and entertaining, yet has a moral.

Such is "The Old Homestead," which opens on Wednesday evening for a two nights' engagement at the Masonic Temple. It was written by Denman Thompson. It is a plain everyday story of everyday life, and that is why it is so popular. Its moral is so plain a blind person could see it by hearing the language as the play proceeds. When a piece comes to us with such a hearty endorsement from the entire clergy of the east, it seems to awaken an interest and desire on the part of theatre-goers, and even those who as a rule, see no good in or on the stage, to find out for themselves, wherein this beautiful story has touched the popular sentiment. It is said to have no equal as a harmless entertainment.

The Rev. Dr. Lyman Abbott (Henry Ward Beecher's successor), of Plymouth church, New York, says: "The play of 'The Old Homestead' is not only wholesome but beneficial."

FIVE OF A KIND.

A Police Court of Drunkards—One Sent to the Hospital.

The following cases were before Mayor Harding this morning:

John Ryan was arrested by Officer Wahrenburg this morning. He appeared at police court in his stocking feet and coatless, in which undressed condition he was found on the streets. He went to jail.

Patrick Morrison, a plain drunk, was arrested by Officer Kramer. He paid his fine.

Sieg Altrage was arrested by Officer Limecooly. Jail.

Frank Snowdon was the chief attraction in the dock. Frank's face resembled the mug of a defeated prize fighter. He walked down a stairway headfirst. He was taken to the jail hospital.

James Anderson, a drunk, was arrested by Officer Wahrenburg, and was sent to jail.

NOTWITHSTANDING THE LAW.

Swift & Co. Speedily Arranging to Establish in This City.

The Indiana law relating to dressed meats being shipped into Indiana does not phase Swift & Co., of Chicago, one particle.

To-day the work was commenced of remodeling inside and repairing the building at the corner of Calhoun and Dock streets, along the Nickel Plate railroad, which they will occupy for the sale of their dressed beef, as a branch to their Chicago business.

The local meat dealers are by no means friendly to such a state of affairs and some say the end is not yet.

HAZARDOUS HAZZARD.

How Los Angeles Lawyers Were Worked by an Indianian.

George Hazzard, who operated in Allen and DeKalb counties extensively in petty swindles about three years ago and who at the time was given lots of notoriety through the press of this city, bobs up in Los Angeles, Cal.

The *Times*, of that place, devotes space to explain how Hazzard worked into the confidence of six lawyers, who went on his note for several thousand dollars. Hazzard then became conspicuous for his absence, having sought a congenial spot out of reach, while the members of the bar stamped and swore and tore their hair.

It seems strange that a Hoosier, single-handed, can delude six California lawyers, but it is true in this instance.

A CONTINUOUS WHIRL.

The Jenney Works Now Operated Twenty-Four Hours a Day.

The shops of the Jenney Electric Light company will hereafter be operated twenty-four hours, day and night.

A large additional force has been added, and the new order of things went into effect last night. The night work will last all winter.

Officers Elected.

Last evening, at the Custer house, the Summit City Building, Loan and Savings association held an annual meeting. The organization is flourishing. The officers elected for the year are:

President—John B. Monning.
Secretary—Otto Herbst.
Treasurer—George Motz.
Directors—Frank Muench, Chas. A. Hans, Ferd Weber, C. W. Jacobs, T. J. Hedges and John Suelzer.

He Said It Was an Honor.

COLUMBUS, Ohio.

Unless I am much mistaken I had the honor of being the first subscriber in Columbus to "Appleton's Cyclopædia of American Biography."

The last name will come probably late in the next century.

The Appletons have shown in their Cyclopædia, now known and read all over the world, their unlimited command of the resources known to publishers.

Mr. Wilson is a veteran biographer, whose name carries weight in such a line of literary work, and Prof. John Fiske, a constant contributor on topics of American history in the "Atlantic," stands for all that is substantial, broad and scholarly in historical and biographical workmanship.

Few of the names of those who have achieved distinction of any kind in American life are missing from this national galaxy.

"Buy the truth and sell it not" cannot apply to the publishers.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly, HENRY MARVIN.

NOT SOLD!

Nor Is There Anything That Looks Like a Sale.

During the past two or three days the metropolitan dailies have had extended accounts of the sale of the Bass Foundry and Machine works, at this place, to an English syndicate. A representative of THE SENTINEL, always anxious to get at the bottom of everything that has any news in it, called on Mr. Bass and asked if there was anything in the numerous reports that took up so much space in the prominent newspapers of the country. Mr. Bass said there was no truth whatever in the report that the Bass Foundry and Machine works had been sold to an English syndicate or anybody else. While he has been approached a number of times with offers and propositions there is nothing at present that looks like a sale, nor is he making any effort to sell it.

RAGING FIRES.

Property in Jackson Township is Threatened.

Southwest of the city fierce fires have been burning on the prairie, spreading to fields and fences and causing a great deal of damage.

To-day the information comes that fires are raging on dry lands near Monroeville, in Jackson township, and all efforts to check the element have been in vain. Property is threatened and in some cases has been destroyed.

Birthday Party.

A very pleasant party was given last evening by Mrs. A. Lazarine in honor of her thirty-ninth birthday at her home, on Barr street. Those present were: Mr. and Mrs. John Baker, Mr. and Mrs. Louis Sauser and grandson, Mr. and Mrs. Louis Bercot, Mr. and Mrs. Frank Lomont, Mr. and Mrs. John Reed and family, Mrs. Fred Methey and son, Mrs. Frank Didier, Mrs. Julia Mayer, Mrs. L. Shoemaker, Mrs. John Lilly, Miss Carrie Lazarine, Mrs. Mary Lazarine, Miss Ellen Didier, Miss Emma Bercot and the Misses Nilly.

Edwin Forrest's Secret.

The great tragedian, Forrest, has a secret which everybody ought to learn and profit by. Said he, "I owe all my success to the fact that everything I have undertaken I have done thoroughly. I never neglect trifles." That's the point—don't neglect trifles, don't neglect that hacking cough, those night-sweats, that feeble and capricious appetite, and the other symptoms, trifling in themselves, but awful in their significance. They herald the approach of consumption. You are in danger, but you can be saved. Dr. Pierce's Golden Medical Discovery will restore you to health and vigor, as it has thousands of others. For all scrofulous diseases, and consumption is one of them, it is a sovereign remedy.

FREIGHT EQUIPMENT.

Extravagant Estimates of the Cost Often Made--The News From the Railroads and Manufactories.

The cost of railroad equipment is seldom accurate, especially when the estimate is made by anybody not thoroughly acquainted with all the various supplies required by a great trunk line. One of the foreman of the Pittsburg shops, in explaining some of the details of the business to a reporter yesterday, said: "I read an account the other day that a locomotive and eight freight cars had been wrecked. The damage was placed at $100,000, which is absurd. A large locomotive can be built for less than $10,000, and freight cars cost from $550 to $775 each, including two pairs of trucks. That would make the loss, at the outside estimate, $6,200 for the freight cars, or a total of $16,200, provided nothing could be saved from the wreck.

"In the particular accident referred to the freight was only slightly damaged. So, you see, the newspaper estimate of the injury done was at least $80,000 out of the way. Four-wheel coal cars of the ordinary pattern cost, complete, $200 each, and drop-bottom gondola cars, $300. Eight-wheel gondolas can be built for from $125 to $275 each, depending whether they have hopper or drop bottoms, or are plain, and the trucks cost from $200 to $250 per pair, extra. In case of damage to refrigerator cars, or freight cars designed for special purposes, through collision or otherwise, the company on whose line the accident occurs settles at a price agreed to by the parties in interest."

"The car works all over the country are more busy than at any time in years. The Indianapolis car works have contracts entered into or sure of getting to keep them busy until April 1. The Terre Haute car works are turning out cars for the Wheeling and Lake Erie at the rate of twenty a day. The Lafayette works are building cars for a southern road and the Lake Erie and Western at the rate of twenty a day. The Pullman car company, freight car department, declines to take any new orders for delivery before February 1. They are now building 400 refrigerator cars; 200 for the Merchants Despatch and the same number for the American Refrigerator company.

"Here in Fort Wayne our car works are kept busy. The department are turning out fifty cars of various kinds every week. The work just now is a little bit delayed by our inability to get material, but this is only temporary."

THE DAY'S NEWS BUDGET.

The Wabash road sent eight persons from this city to Kansas last night.

C. W. Cross, machinist at the Pittsburg shops, is at Altoona, Pa., on business.

Fred Fink drew the horse lotteried off the other day by one of the clerks of the Pittsburg shops.

Harry Manchester, of the Jenney Electric Light works, left last night for Plainsfield, N. J.

The Pittsburg car works are not working at night this week on account of the scarcity of material.

B. J. Coyle, machinist at the Pittsburg shops, with his mother, has gone to Altoona, Pa., to visit relatives.

T. F. Waring, ticket agent of the Muncie at Hartford City, spent last Sunday in the city calling on friends.

Mat Backes, of the Pittsburg boiler shops, has recovered from his injuries received some time ago, and resumed his position.

The council will take action at its next meeting to compel the Nickel Plate to put in crossings at Columbia and Clay streets.

Ludwig Gutman has resigned at the Jenney electric light works and returned to New York, his former home, to accept another position.

Lorin Smith, secretary and treasurer of the Hillsdale car company, has gone to Cincinnati after a visit with his brother, E. C. Smith, in this city.

James S. Knox has resigned from the auditor's office of the Grand Rapids and Indiana, to take effect November 1. He is to take charge of the Grand Rapids branch of the National Building and Loan association of Minneapolis.

Martin Brown, formerly a boiler maker at the Bass works, has gone to Bloomington, Ill., to take charge of the boiler department of the Chicago and Atlantic railroad shops located there. Mr. Brown had a large number of friends in this city who will wish him success in his new field of labor.

Three parties of engineers are now at work on the Wabash road from St. Louis, Toledo and Detroit, for the purpose of rechaining the entire distance and running a new line of levels. The road has not been measured for over ten years, and as the location of the track has been frequently changed on account of washouts or straightened in different places, the present table of distances is supposed to be slightly inaccurate. It will take several weeks to complete the survey.

Judge Gresham has issued a decree winding up the Wabash receivership of General McNulta. The receiver has audited and paid all claims except those to connecting roads in the way of balances. These will be turned over to the new Wabash company to settle. The court reserved the power to retake the Wabash should the new company fail in carrying out any part of its agreement. The receiver and his bondsmen, however, were discharged on Saturday from all further liability.

AWAITING THE LAST TRUMP.

The Adventists of Virginia Looking for the Coming of the "King of Kings."

FREDERICKSBURG, Va., Oct. 22.—The Adventists of Virginia have been holding a series of meetings in Spottsylvania and Orange counties for the past two years, under the leadership of Elder R. C. Brown, of New Brittian, Conn. The wildest excitement now exists among certain classes of people in the vicinity of Screamerville all day to-day and to-night the believers will assemble to watch for the coming of the "King of Kings." Should their prediction fail and the Lord not appear the meeting will close and the members of the union retire to their homes until called to assemble again to listen to the teachings of their leaders. This is the forty-fifth anniversary of the going out of the church to meet the Lord in October, 1844. Delegations from Connecticut, Massachusetts, New York, and Virginia, are now in attendance under the leadership of Elder Brown. The meeting will close at sun-rise Wednesday.

A FAMILY SCANDAL.

United States Senator Stewart's Son-in-Law a Worthless Fellow.

SAN FRANCISCO, Cal., Oct. 22.—A family scandal was exposed here yesterday in court when United States Senator Stewart, of Nevada, was cited to show why he should not be punished for contempt for failing to allow his son-in-law, A. W. Fox, to see his three children. Fox and his wife have been divorced several years, and the children have been cared for by the Stewarts.

Fox made a sensational affidavit yesterday, in which he makes various charges against Mr. and Mrs. Stewart. Mrs. Stewart testified that Fox was a worthless character, with whom her daughter fell in love when she was only seventeen years old. To prevent the scandal of an elopement her parents consented to the marriage. The senator repeatedly secured good employments for Fox, but he never kept any. No effort has been made to keep the children from Fox, but he failed to supply money for their support. The judge took the matter under advisement.

MEXICO NEWS.

The Police Busy in Arresting Counterfeiters.

CITY OF MEXICO, Oct. 22.—For the past few days the secret police of this city have been busy hauling in counterfeiting gangs, which have been busily at work here. Last Friday night the police captured a counterfeiter engaged at coining false dollars and secured a large number of dies and spurious coins. Nearly a dozen men have been arrested.

The supposed stolen bonds have turned up all right. Through the carelessness of a clerk in the treasury department, the bonds had been taken to the stamp printing department some months ago to be stamped. They had been forgotten and were only brought to light yesterday by a careful search. The officials and clerks in the treasury department are much elated in consequence.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

Three hundred and eighty-five crows were counted on two trees in a cornfield near Barnesville, Ohio, recently.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

IN an article in the *Observer*, Dr. Charles S. Robinson says he once knew the hymn, "I would not live alway, I ask not to stay," given out in a sanitarium, and sung by two hundred invalids, all of whom had come there because they wanted to "stay," and were doing their costliest and best not to leave this world.

An Official of High Standing Says:

COLUMBUS, Ohio.

I am much pleased with the copy of "Appleton's Cyclopædia of American Biography," which I purchased.

I consider it the best work of the kind I have ever seen, and I shall cheerfully recommend it to my friends.

DAVID K. WATSON,
Attorney-General.

"IF I gave you a pound of metal, and ordered you to make the most out of it, what kind of metal would you select?" asked a well-known jeweler. "Gold, of course," was the prompt reply. "I'd prefer a pound of steel," said the jeweler, "and I would have it made into hair springs for watches. A pound of such springs would sell for an even one hundred and forty thousand dollars."

THE successful American farmer must know more or less of most of the practical sciences in order to take care of his animals, his crops, his machines, to forecast the weather for his seeding and his harvesting, and the prospects of demand for his marketing. He not only reads the papers but he has undisturbed time to ponder on what seems important, to digest it, and form well-considered conclusions.

IN Dublin, a small town in Laurens County, Ga., there lives a blue man. He is a Caucasian, but instead of being white is a greenish blue, and is known as "Blue Billy." His whole skin is blue, his tongue and the roof of his mouth are blue, and where his eyes should be white is seen the same ghastly greenish-blue color.

THE rumors which have been current to the effect that the Empress Dowager Augusta, of Germany, had joined the Church of Rome, have been set at rest by a statement from Weimar, emanating from a high source, to the effect that there is not the slightest truth in the report.

TWO FRENCH sailors were recently under water from nine in the morning until five in the evening. They reached a depth of ten meters, in a submarine torpedo boat, without experiencing the least inconvenience. They were constantly in communication by telephone with a commission.

We have a large stock of Plush Albums of different shades and sizes ranging from 50c to $3.50. Fancy Silk Plush Velvet Toilet sets, 75c to $2.00. Large Wax Dolls and China Dolls in all sizes from 5c up to 70c. Fancy Tea Sets for children, Boy's Drums, Guns and Pistols, Balls, A. B. C. Blocks, Horses, Carts, Lions, Elephants, Tigers, Dogs and Cats, Jumping Jacks, Music Boxes and a thousand other things for Christmas and New Years, and

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremly low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 30c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

in consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 40 per cent, but in the last 30 days the tendendcy has been downward, and we have reduced all goods 1c lb, from the highest point we quote now:

The marriage of Mr. R. G. Thompson and Miss Louise Horton will occur next Thursday at 4 p. m. at the residence of Dr. T. J. Dills, on Douglass avenue. Rev. Dr. Moffatt will officiate. Mr. and Mrs. Thompson will leave in the evening for Chicago and will go thence to Denver, returning home in about two weeks. Only relatives and a few friend will be present at the ceremony.

To-day a lad of about twelve summers held supreme possession of a stand on which he had for sale tender tid-bits of what was supposed to be the flesh of good eatable squirrel. Among the purchasers of the choice meat was Esquire Harry France, who was much chagrined upon reaching home to find it unfit to eat. It was later discovered that the boy had been selling the meat of woodchuck or ground squirrel and had worked his "fake" quite successfully.

The following real estate transfers have been recorded: John Harsch to Anna M. Gebhard, lot 35, McCulloch's addition, $800; Mary Harkenrider to William Juergens, lot 24, A. A. Remmert, lot 45, Hanna's addition; Anna M. Donahue to Andrew and Anna McCarty, part of strip west of Nelson's addition, $1,000.

LOVE IN NEBRASKA.

It was at Spirit Lake, at the very limit of the pier. They were all alone. There was no moon, but the stars were big and bright and so full of self-conceit that they looked at themselves in the water and winked. Far out a boat slid noiselessly along. In a nearer boat a fair tenor voice carelessly half hummed, half sang a common love song, From the Orleans Hotel came now and then the twang of the strings of the orchestra of mandolins. On such a night as this did Dido stand upon the wild sea bank and wave her love to come again to Carthage. On such a night as this did Jessica—but a truce to the bard! It was the sort of night on which a man could make love to his own wife!—and those two. Edouard and Alicia, had not yet bespoken their tender vows.

"Do you know anything about the stars?" inquired Edouard, in a voice like the murmur of the wind in summer trees.

"A little," answered Alicia, tenderly. "I know some of the constellations—the Great Bear—the——"

"Yes," interrupted Edouard. "I know all about the big bear and I can find the North Star; but right over there is a group. Do you know the name of that?" And Edouard threw his arm across Alicia's shoulder and pointed to a cluster of shining worlds in the East.

Alicia leaned toward him. "I don't know what that is," she breathed as one who did not care.

"And there is another constellation just over our heads!" Edouard passed his arm around her neck. and placing his hand under her chin so tilted it that it would be easy for her to see. And then to Alicia's eyes the Heavens became one grand carnival of constellations. Shooting stars chased each other athwart the firmament, comets played riotous games among the planets, and finally there came a soft and radiant blur which hid them all.

Edouard had kissed Alicia.—*Omaha Republican.*

HEIR TO MILLIONS.

A Crawfordsville Man Falls Heir to a Large Estate in Germany.

Matthew Brandenburg, an old resident of Crawfordsville, has established his claim to an estate in Germany and will receive $300,000 as his portion. His father was a German nobleman and had his estate confiscated by the crown, but after his death it was restored.

Matthew Brandenburg and a brother came to America many years ago, but did not hear of their good luck until about a year ago. The money is in the German treasury, and there is but little doubt but that Mr. Brandenburg will receive the $300,000. The entire estate is valued at $11,000,000. Mr. Brandenburg has followed the profession of an engineer.

IT WAS GAMBLING.

Heilbroner & Brown Plead Guilty to the Charge.

On a recent night Lieutenant Fuchshober and Officers O'Connel and Tremmel visited the club room over Heilbroner & Brown's and arrested five persons for gambling. Two of the party were professional gamblers.

George Brown, of the firm, intended to contest the case, which was set for this afternoon, but better counsel prevailed because every person in the room when the raid was made had been subpœned to appear before the mayor and testify. This expose was too much. Mr. H. C. Hanna was retained and he appeared for the defendants this afternoon.

Mayor Harding imposed a fine of $20 and costs, amounting to $31.30.

IRVING'S SINCERITY.

Washington Irving was good-natured, and delighted to do little deeds of kindness; but he was also a sincere man, and would not pay even conventional compliments unless they were merited. Once, while in London, he and a literary friend were invited by a merchant to drive to his country house and spend a day or two there. The carriage stopped at the gate of the merchant's park. The host alighted and asked his guests if they would walk through the grounds to the house. The friend started to get out, but Irving held him down by the coat, and they both drove to the house; the merchant followed on foot.

"I make it a principle," said Irving, when they were out of hearing, "never to walk with a man through his own grounds. I have no idea of praising a thing whether I like it or not. You and I will do them to-morrow by ourselves."

SWITCHMEN STRIKE.

The Men at Evansville, Ind., Go Out for Better Wages--Another Strike at Chicago.

EVANSVILLE, Ind., Oct. 22.—At 5 o'clock yesterday afternoon the yard-switchmen of the Louisville & Nashville at this point, who have been getting twenty-two cents an hour, demanded 25 and 27 cents for day men and 27 and 29 cents night men. Previous to quitting they bunched all the freight cars on the union track and then removed the coupling pins. Nearly 3,000 feet of track is covered with cars unable to be taken out.

There are twenty-nine men in the strike, and they claim that the men on the entire system will go out and that the Mackey and other systems will join them to-day. The officials were given no notice and were caught at a disadvantage. They appealed for police assistance, and Captain Reising and a detail of men were sent to the yards. There were many threats but no violence. The men say they will not let a train leave until their demands are granted, and trouble is feared.

CHICAGO, Oct. 22.—Eighteen switchmen, the entire night force of the Wisconsin Central railroad in the city, struck last night at 8 o'clock and not a wheel has turned on switch engines in the yards since. Police protection was asked and Lieutenant Crook, Sergeant Fox and twenty patrolmen went on duty at the yards. There was no trouble, however. The cause of the strike is the discharge of a union man. It is declared by the switchmen that if the matter is not settled at once that the day switchmen and brakemen will strike.

LASALLE, Ill., Oct. 22.—After nearly six months of idleness the miners here have finally settled their differences with the operators and work will be resumed to-day. The basis of settlement was 82½ cents per ton for mining and $1.75 per day for drivers.

THE MARATIME CONGRESS.

It Meets in Regular Session at the Capital City To-day.

WASHINGTON, Oct. 22.—Captain Luiz Felippe D'Saldanha da Gama, and Captain Joaquim Antonio Cordovie Mannriety, delegates from Brazil, took seats in the Maratime conference this morning for the first time. Mr. Goodrich set the International Maratime conference in motion this morning by introducing a resolution providing for the appointment of a committee of five members to whom should be referred all resolutions in regard to new systems and devices, and that the resolutions, if favorably considered, should be reported back to the conference. This motion was adopted.

The rules of the road, known as the steering and sailing rules, were then taken up and discussed briefly, but no changes were made, although several minor amendments were suggested.

TELEGRAPH TALK.

News of the Day as it Comes Over the Wires.

WASHINGTON, Oct. 22.—Surgeon-General Hamilton, of the marine hospital service, has received a telegram from Dr. Porter, at Key West, reporting another case of yellow fever at that place and that quarantine restrictions have been resumed. The patient in this case is E. Ellingor, who left Havana September 21, bound for New York.

BOSTON, Mass., Oct. 22.—It is reported that Mrs. Walker H. Price, well known as a keeper of several fashionable boarding houses on Beacon Hill, has eloped with Dr. F. G. Blinn. The couple are said to have gone to New York, and it is alleged that Mrs. Price took with her $600 belonging to her husband. Dr. Blinn has had an office in this city since July, and has for some months been almost constantly in Mrs. Price's company.

DES MOINES, Ia., Oct. 22.—The democrats since the publication of the assistant secretary's letters, have been saying that General Larrabee did not dare endorse publicly Senator Hutchinson, pretending that he was not acceptable to the anti-monopolists. The governor took up the challenge and this afternoon wrote for publication a strong letter to a gentleman of this city endorsing Senator Hutchinson fully and unqualifiedly.

WASHINGTON, Oct. 22.—A telegram sent to Chicago yesterday developed the fact that no divorce had been granted there to Dr. Fraser, the married man who ran away with Lillie Thorn last Wednesday. It has been learned that no marriage license was issued to him and Miss Thorn in Baltimore. So he has not been guilty of bigamy. Mrs. Thorn is distracted with grief. Nothing is known of the whereabouts of the couple.

NEW YORK, Oct. 22.—Miss Ida Florine Nowcomb, the eighteen-year-old daughter of Richard I. Newcomb, the famous lawyer, eloped last Saturday with George Washington Loderer, the theatrical manager. The pair were married at Long Island City. Miss Nowcomb's parents have become reconciled to the situation.

LONDON, Oct. 22.—Mr. Charles Bradlaugh, member of parliament for Northampton, is lying very ill and his friends fear that he is dying.

DENVER, Col., Oct. 22.—The celebrated gold brick schemer and confidence man, Frank Hine, alias George Hall, made his confession last night at his residence here in the presence of a notary public and a number of witnesses.

WASHINGTON, Oct. 22.—Judge Matthew P. Deady, of the Oregon federal circuit and district court, before whom the famous Sharon-Hill case was brought to a hearing, is in Washington. Judge Deady wrote the opinion declaring the famous marriage contract a forgery and Judge Sawyer wrote the concurring opinion. Being interviewed by a reporter, Judge Deady said:

"I came east as a delegate to the Episcopal convention in New York. Yes, I sat in the Sharon-Hill case. The fact is, that woman was merely his mistress. He gave her $600 a month, furnished magnificent quarters and spent money on her lavishly. Her influence on Judge Terry was undoubtedly bad. She urged him to acts beyond even his own instigation. In November she will be tried before me for resisting the authorities. It is very likely that she may at some favorable opportunity attempt the lives of Justice Field, Judge Sawyer or myself. I predict she will die a violent death."

Democratic Clubs.

NEW YORK, Oct. 22.—The convention of the state league of Democratic clubs was called to order at the Hoffman house at 1 o'clock to-day. Prominent democrats from the towns and cities throughout the state were present. The address of welcome was delivered by J. H. V. Arnold and a letter from ex-President Cleveland was read.

Lost at Sea.

NEW YORK, Oct. 22.—A dispatch from Newport News, received here to-day from Captain Brown, of the Barbuntine Josephine, bound from Port Spain, Trinidad, for New York, states that vessel has been lost at sea.

The authorities are looking after some crooked work in connection with the mail service on the Grand Rapids and Indiana road and the Bee Line. Several mail sacks, out and contents gone, have been found lately under a bridge of the Grand Rapids, crossing the White river, and indications go plainly to show that it was the work of some one in the mail car.

THE RECORD OF DEATHS,

And Ruin Wrought by the Floods in Japan--Horrible Story From That Far-Away Land.

SAN FRANCISCO, Cal., Oct. 22.—Japanese papers received by the steamship Belgic, which arrived here last night from Hong Kong and Yokahoma, show that 650 people were drowned and 121 injured in the prefecture of Aichi alone during the floods of September 11. Over 1,000 dwellings were swept away and 1,000 acres of crops destroyed. The Japan *Mail*, reviewing the calamities caused by floods during the year 1889, says:

Incomplete returns show that twelve prefectures have been devasted, 2,419 people killed, 1,500 wounded and over 9,000 people deprived of means of subsistence. More than 8,000 houses have been swept away or submerged, 150,000 acres of crops destroyed, about 6,000 bridges swept away and several hundreds of miles of roads broken up.

The following story comes from Kiangsuko:

During the absence of the teacher of a boys' school located near a temple, the pupils, six in number, conceived the idea of playing a joke on him. Five of them hid in empty coffins and the sixth boy closed the lids. On the teacher's return he informed him that his five companions had gone to heaven, their bodies being now in the coffins. He hastened to remove the lids of the coffins, when, to his horror, he found all five boys dead, they having been suffocated. The sixth boy fled, but the teacher overtook him and flogged him to death.

A FAIR ADVENTURESS!

Makes Use of Her Charms to Dupe Wealthy Men.

NEW YORK, Oct. 22.—A morning paper publishes a long account of the operations of an adventuress, whose real name is Caroline F. Wells, but who has gone under many aliases. She is said to have duped a number of wealthy men and the statement is made that her latest victim is Geo. F. Woolston, a young western millionaire bridge builder and railroad contractor, who is said to have given her a million dollars in securities.

It is also alleged that Mrs. Woolston discovered that a secret divorce was being plotted, and that she had had a dramatic interview at Sheepshead Bay with Mrs. Wells, during which the latter shot at but missed her, and that the adventuress thereupon fled, leaving behind a trunk full of letters, which are now in Mrs. Woolston's possession, implicating a number of prominent men.

CHICAGO BASE BALL CLUB.

Manager Spalding is on the War Path.

CHICAGO, Oct. 22.—Unless all of Spalding's reserved players sign contracts by Saturday, writs of injunction will be sued out to prevent their playing with any other team. Spalding is on the war path. He has half a dozen attorneys and will fight the brotherhood to the bitter end.

All the reserved players received in their mail this morning a notice couched in legal terms to the effect that a contract is awaiting their signature under the eighteenth section of their last year's agreement, which gives President Spalding the right to reserve them for this season.

LIVED IN LUXURY.

He Robbed His Employers Years Ago and Now Appears to Defy Prosecution.

ALLENTOWN, Pa., Oct. 22.—Much surprise was occasioned here yesterday by the announcement of the reappearance of Professor W. K. T. Grossman, who some years ago robbed his employers and was supposed to have gone to Canada. Grossman, up to January 1, 1887, was employed as bookkeeper for the wholesale grocery firm of Johnston & Swartz in this city. He also operated a large furniture factory, was a partner in a music store and was at one time a director of music.

He lived in great luxury, was the owner of several fast horses and spent money lavishly to entertain his friends. The suspicions of the grocery firm were aroused late in 1886 by their bookkeeper's manner of living and they made an investigation of the books. The examination showed that Grossman had been systematically robbing his employers for six years. An expert was intrusted with the responsibility of straightening out the defaulting bookkeeper's accounts and he found a difference of about $25,000.

As soon as the extent of the shortage became known the firm started a criminal suit against Grossman and when the ex-book-keeper was accused of the crime he acknowledged his guilt. A few days later the ex-book-keeper's factory and personal effects were seized by the sheriff on executions issued by Johnston & Swartz and other creditors. The result of the sale was that the grocery firm became possessors of the factory, while the other creditors received the proceeds of the sale of the fast horses and furniture. Johnston & Swartz abandoned the criminal prosecution, but George J. Wertz, of New York, in order to enforce the payment of a claim of $600, had Grossman re-arrested on a criminal charge for embezzling Johnston & Swartz's money. Grossman gave bail, but when the case was called for trial the professor failed to materialize, and it was currently reported that he had gone to Canada.

Grossman lingered near the city and at night went to his home. Here he spent over two years in his splendid library, which is one of the best in town. His whereabouts were known only to his attorneys and about fifteen of his nearest friends. The latter had frequent visits to the house, which Mrs. Grossman continued to occupy. The defaulting book-keeper made his first appearance in public since his escape on Sunday night and now defies civil or criminal prosecution.

RAILROAD MATTERS.

Joint Meeting of Local Freight Committees in Chicago To-day.

There was a joint meeting in the committee rooms of the Central Traffic association in Chicago to-day of the local freight committees of Detroit, Jackson, Battle Creek, Kalamazoo, Niles, Lansing, Grand Rapids, Toledo, Sandusky, Fostoria, Findlay, Tiffin, Lima and Fort Wayne. The meeting is called at the request of the Toledo, St. Louis and Kansas City road to consider a revision of rates from Toledo to western and southwestern points. When the Toledo rate sheet was made the above road was a narrow guage. Since its change to a standard guage last spring it has been in the market for through freights and now wants the rate sheet revised with reference to that fact. The Toledo rate sheet has been in force for a good many years and independent of the demands of the Toledo, St. Louis and Kansas City needs the revision which this meeting will probably give it.

The State Printing.

Yesterday bids were received for the state printing for the next two years beginning November 1. The bids were opened at 2 o'clock in the afternoon, and the board labored with them until 4 o'clock, but in that time footings were not completed so that the amount of each bid could be learned.

The competitors for the work are: The *Sentinel* printing company, William B. Burford, Hassalman-Journal company, Carlon & Hollenbeck and Baker & Randolph. The contract will probably not be awarded for a day or two.

Suit to Recover Money Lost by Gambling.

BOSTON, Oct. 22.—In the superior court yesterday the trial was begun of the case of Henry Roeh, jr., vs. Wm. Thornton to recover $15,000, which he alleges was won from him at gaming by the defendant at the Savage club, on Bosworth street, last January. The case is unfinished.

HON. J. H. BASS.

His Name Mentioned by a New York Paper as the Next Governor of Indiana.

The New York *Herald* of yesterday publishes a telegram from Fort Wayne, which, after speaking of John H. Bass' extensive manufacturing interests, continues as follows:

"Mr. Bass is eminently a self-made man. Some twenty years ago he was bookkeeper for a small firm in this city. He bought an interest in the firm subsequently, and from a primitive beginning built up one of the largest industrial establishments in the country. He is still in the prime of life, active, and a shrewd business man.

"He is a prominent democrat, and has many times been offered political honors, but always declined them on the plea of business engagements. Two years ago, when the candidacy of Judge Lowry for renomination as congressman from this district caused a serious bolt in the democratic party, and led to the election of J. B. White, a republican, for the first time in the history of this district, Mr. Bass was asked to accept the nomination and prevent a split in the party, but he declined. He was, with Senators Voorhees and Turpie, a delegate at large from this state to the democratic convention at St. Louis in 1888, and was also made a presidential elector in the same campaign.

"While he is not a politician, he wielded, nevertheless, a strong influence in the last campaign through his outspoken tariff reform views, and his interviews published at the time in the New York *Herald* created consternation among the protectionists of the Carnegie stripe.

"It is thought by some that Mr. Bass is willing to dispose of his business interests, because offers of high political honors have again been made to him. If Mr. Bass could be induced to accept the nomination for governor of Indiana there can be no doubt that he would sweep the state like wildfire. There will not be an election for governor for the next three years, but a new congressman will be sent to Washington from this district in 1890, and if Mr. Bass had no serious objections he might spend a year in Washington before occupying the gubernatorial chair in Indianapolis.

"It is not known that Mr. Bass has any political aspirations, and even his most intimate friends are in the dark on that score, but if he desired to enter the political arena he could have any office in the gift of the party in Indiana."

RAILROAD COLLISION.

A Terrible Accident Occurs in Kentucky.

GLENDALE, Ky., Oct. 22.—A terrible railroad collision is reported at Lynland on the Louisville & Nashville. A special with doctors has gone to the scene. No particulars yet.

At the general manager's office of the Louisville & Nashville it was stated this afternoon that ten persons were injured, but nobody killed. The worst hurt is a Mr. Vandyke Hieser, of Millerstown, Ky., believed to be fatally.

The Louisville and Nashville surgeons gave all the injured persons surgical attention. The collision was between two passenger trains, one of which had taken the siding, and the switch being left open, was run into by the other.

Ball Players.

NEW YORK, Oct. 22.—None of the New York players as far as known, have signed contracts for next season and it is said they will not sign. The men say they have too large a contract on hand at present "downing" the Brooklyns to talk about any others.

GOVERNOR FORAKER

Is Resting Easy, but He is a Very Sick Man.

COLUMBUS, O., Oct. 22.—Governor Foraker rested very quietly last night, and Mrs. Foraker says he had the best night's rest since he was taken sick. She says, however, that he has taken no food, and probably will not be able to take solid nourishment for several days to come.

Mrs. Foraker speaks very encouragingly as to his condition. Dr. Kinsell, the attending physician, says the governor is still a very sick man. He has issued no official bulletin, and will not do so unless requested by the family.

DANGLING IN THE AIR.

The Lynching of Berrier For the Murder of His Mother-in-Law.

COLUMBIA, S. C., Oct. 22.—Some very curious facts in connection with the recent lynching of young Robert Berrier for the murder of his mother-in-law near Lexington, N. C., have just come to light.

A party who witnessed the hanging says Berrier was taken from the jail at 7:30 and immediately carried to the outskirts of the town under a large oak tree. Here the mob stopped and asked the prisoner if he was ready to die.

Berrier said he would be if he would meet his wife and babe in heaven.

The mob then informed him that he would be allowed time to prepare for death. About this time a drummer, who was in town, came upon the scene and asked to be allowed to pray with the condemned man. His request was granted and he knelt down by the side of Berrier and prayed very fervently that God would save his soul. During the prayer many hearty "Amens" and such responses as "Lord grant it," "Jesus receive the spirit," &c., went up from the mob.

For more than three hours praying and regular religious services were conducted. A few minutes before midnight, Berrier expressed his willingness to die. He was then placed on a horse with a rope about his neck, and then as an appropriate hymn was raised, the horse was led from under him and the body left dangling in the air.

TO ABRAHAM LINCOLN Artemus Ward's book was a never-failing fountain of fun. Of the quaint spelling and the side-splitting jokes in A. Ward's compendium of humor the President liked to talk with the grave Stanton, to whom fun was a mere waste of raw material. On a certain Sunday, always Lincoln's day for relaxation, he said: "Stanton, I find a heap of fun in A. Ward's book." "Yes," said Stanton, dryly, "but what do you think of that chapter in which he makes fun of you?" Mr. Lincoln quickly replied, "Stanton, to save my life, I never could see any humor in that chapter."

ANSWERING A PULPIT QUESTION.

A minister was preaching to a large congregation in one of the Southern States on the certainty of a future judgment. In the gallery sat a colored girl, with a white child in her arms, which she was dancing up and down with commendable effort, to make baby observe the proprieties of the place. The preacher was too much interested in his subject to notice the occasional noise of the infant; and at the right point in his discourse threw himself into an interesting attitude, as though he had suddenly heard the first note of the trump of doom, and looking toward that part of the church where the girl with the baby in her arms was sitting, he asked in a low, deep voice:

"What is that I hear?"

Before he recovered from the oratorical pause so as to answer his own question, the colored girl responded in a mortified tone of voice, but loud enough to catch the ears of the entire congregation:

"I don'no, sa, I spec it is dis here chile; but indeed, sa, I has been doin' all I could to keep him from 'sturbin' you."

It is easy to imagine that this unexpected rejoinder took the tragic out of the preacher in the shortest time imaginable, and that the solemnity of that judgment-day sermon was not a little diminished by the event.

TWO EVENTS of special interest to the colored race occurred last week. The Canon committee of the house of deputies of the general convention reported against establishing a separate church organization for the colored people, and the senior class of Harvard have just elected to the coveted place of class orator a colored student. The race problem will settle itself if it is not meddled with.

DR. TALMAGE announced to his congregation in Brooklyn Sunday that the board of trustees of the church had purchased last week the property, 150x200 feet, on the northeast corner of Clinton and Green avenues, on which to erect a new tabernacle to replace the burned one. It is understood that the price was in the neighborhood of $125,000. Dr. Talmage also stated that he would personally break ground for the church the afternoon of Oct. 28.

A QUIET movement is on foot to secure the enforcement of the Sunday law against all classes of business at Indianapolis. For a long time saloons and barber shops have been under ban. Sunday a clothing merchant was arrested, but the case was dismissed on a technicality. The chief of police has instructed his men to arrest all violators of the law next Sunday. The supreme court has held that drug stores, and news stands may remain open.

A NEW feature has been introduced into the Sunday afternoon services at the City department of the Young Men's Christian association by the addition of a cornetist to the music of the hour. It was commenced last Sunday and added greatly to the interest of the meeting, the song service being led by Mr. Strickland, vocalist; Mr. Todd, cornetist, and Mr. Cromwell, organist. The meeting last Sunday was led by Mr. S. C. Jaques, who delivered an interesting address on the subject, "Happy Thoughts."

IT is announced, apparently by authority, that the American Cotton-Seed Oil trust is about to abandon its trust character and become a corporation under the laws of some state, its capital being the same as at present. The statement is made in connection with this announcement that the prime motive in dissolving the trust is the intense and increasing antipathy of the American people to trusts of whatever character. The Cotton-Seed Oil trust is an attachment of the Standard Oil company and has unlimited capital.

AN advertisement in the New York papers offers $1,000 reward for an original copy of the newspaper containing a description of Drawbaugh's "talking machine or telephone," printed sometime between 1870 and 1876. In one of the telephone suits begun in 1880, witnesses testified that they had read in a Harrisburg paper a description of a telephone at Drawbaugh's home. The case having been recently reopened the attorneys interested in the Drawbaugh claim are anxious to find the paper. They assert that certain numbers of the Harrisburg papers on file in libraries have been destroyed.

GOVERNOR GRAY, of this state, who has been speaking in Ohio for the last few weeks, says that he does not want to go on record as prophesying a great democratic victory in Ohio next month, but he says that there is a good fighting chance and that all the ordinary signs of democratic success he thinks are discernible in the political horizon. The Ohio republicans are not sympathizing with Foraker's third term ambition and are not fighting with their accustomed vigor. Many more are demoralized at the Tanner episode in national politics and for this and other reasons are much dissatisfied with Harrison's administration. The governor thinks that unless the Ohio reserve turn out with unusual strength Mr. Campbell will be elected.

AFTER BREWERIES.

Perry A. Randall Seeking Brewing Interests for a Syndicate.

The Lafayette *Courier*, of yesterday, contains the following:

Perry A. Randall, a prominent attorney of Fort Wayne, was in the city today in the interest of the English syndicate organized to purchase the brewing interests of the United States. Mr. Randall a short time ago negotiated the sale of the Jenney electric plant to the Thomson Houston company, in which five Fort Wayne parties cleared about $75,000 each, and has been employed by the English syndicate which last week purchased the Indianapolis breweries, and is reaching out for all the first-class plants it can secure control of. The fame of the Lafayette breweries, and the high quality of their product, is well known throughout the country, and it is no surprise therefore, the syndicate is making an effort to secure control of them.

Mr. Randall called upon the brewing firm of Thieme & Wagner, this morning, and offered to purchase the brewery at an extravagant sum. Mr. Thieme told him he was willing to sell if his partner, Mr. Wagner, would agree to the bargain. Then Mr. Wagner was consulted and stoutly refused to consider any proposition. Mr. Randall argued that he (Wagner) was getting a good price for the brewery and insisted that he accept. The argument on the matter continued for some time until Mr. Wagner became enraged and ordered Randall to leave the place or he would blow the whistle and call the police. "If the English syndicate can afford to pay such a price for this brewery and make money out of it, there is money in it for us and we intend to keep it," said Mr. Wagner.

Mr. Randall reached the conclusion that there was no use in trying any further and left.

TEMPLE ATTRACTIONS.

"A Possible Case" Coming Again—"The Old Homestead."

"A POSSIBLE CASE" COMING AGAIN.

It will be like greeting old and dear friends to welcome once more Sydney Rosenfeld's charming comedy and Manager Hill's admirable company of comedians. The play is announced for presentation at the Masonic Temple this evening.

"THE OLD HOMESTEAD."

It is a treat nowadays to go to a theatre and see a play which is light and entertaining, yet has a moral.

Such is "The Old Homestead," which opens on Wednesday evening for a two nights' engagement at the Masonic Temple. It was written by Denman Thompson. It is a plain everyday story of everyday life, and that is why it is so popular. Its moral is so plain a blind person could see it by hearing the language as the play proceeds. When a piece comes to us with such a hearty endorsement from the entire clergy of the east, it seems to awaken an interest and desire on the part of theatre-goers, and even those who as a rule, see no good in or on the stage, to find out for themselves, wherein this beautiful story has touched the popular sentiment. It is said to have no equal as a harmless entertainment.

The Rev. Dr. Lyman Abbott (Henry Ward Beecher's successor), of Plymouth church, New York, says: "The play of 'The Old Homestead' is not only wholesome but beneficial."

FIVE OF A KIND.

A Police Court of Drunkards—One Sent to the Hospital.

The following cases were before Mayor Harding this morning:

John Ryan was arrested by Officer Wahrenburg this morning. He appeared at police court in his stocking feet and coatless, in which undressed condition he was found on the streets. He went to jail.

Patrick Morrison, a plain drunk, was arrested by Officer Kramer. He paid his fine.

Sieg Altrage was arrested by Officer Limecooly. Jail.

Frank Snowdon was the chief attraction in the dock. Frank's face resembled the mug of a defeated prize fighter. He walked down a stairway headfirst. He was taken to the jail hospital.

James Anderson, a drunk, was arrested by Officer Wahrenburg, and was sent to jail.

HAZARDOUS HAZZARD.

How Los Angeles Lawyers Were Worked by an Indianian.

George Hazzard, who operated in Allen and DeKalb counties extensively in petty swindles about three years ago and who at the time was given lots of notoriety through the press of this city, bobs up in Los Angeles, Cal.

The *Times*, of that place, devotes space to explain how Hazzard worked into the confidence of six lawyers, who went on his note for several thousand dollars. Hazzard then became suspicious for his absence, having sought a congenial spot out of reach, while the members of the bar stamped and swore and tore their hair.

It seems strange that a Hoosier, single-handed, can delude six California lawyers, but it is true in this instance.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

NOT SOLD!

Nor Is There Anything That Looks Like a Sale.

During the past two or three days the metropolitan dailies have had extended accounts of the sale of the Bass Foundry and Machine works, at this place, to an English syndicate. A representative of THE SENTINEL, always anxious to get at the bottom of everything that has any news in it, called on Mr. Bass and asked if there was anything in the numerous reports that took up so much space in the prominent newspapers of the country. Mr. Bass said there was no truth whatever in the report that the Bass Foundry and Machine works had been sold to an English syndicate or anybody else. While he has been approached a number of times with offers and propositions there is nothing at present that looks like a sale, nor is he making any effort to sell it.

Edwin Forrest's Secret.

The great tragedian, Forrest, has a secret which everybody ought to learn and profit by. Said he, "I owe all my success to the fact that everything I have undertaken I have done thoroughly. I never neglect trifles." That's the point—don't neglect trifles, don't neglect that hacking cough, those night-sweats, that feeble and capricious appetite, and the other symptoms, trifling in themselves, but awful in their significance. They herald the approach of consumption. You are in danger, but you can be saved. Dr. Pierce's Golden Medical Discovery will restore you to health and vigor, as it has thousands of others. SECOND POINT

You should read THE CHICAGO DAILY NEWS because *you have the time to read it*. There is a paper published in Australia which is as large as a blanket. This wouldn't suit you. You want a newspaper at once convenient, complete and condensed, and still you don't want to overlook anything of real importance. You don't want your neighbor to say to you, "Did you read so-and-so in today's paper? and be obliged to answer, "No, I didn't see that," and then have him ask you, "What paper do you read?" This will never happen to you if you read THE CHICAGO DAILY NEWS.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day*.

$500 Reward!

We will pay the above reward for any case of Liver Complaint, Dyspepsia, Sick Headache, Indigestion, Constipation or Costiveness we cannot cure with West's Vegetable Liver Pills, when the directions are strictly complied with. They are purely Vegetable, and never fail to give satisfaction. Sugar Coated. Large boxes, containing 30 Pills, 25 cents. For sale by all druggists. Beware of counterfeits and imitations. FREIGHT EQUIPMENT.

Extravagant Estimates of the Cost Often Made—The News From the Railroads and Manufactories.

The cost of railroad equipment is seldom accurate, especially when the estimate is made by anybody not thoroughly acquainted with all the various supplies required by a great trunk line. One of the foreman of the Pittsburg shops, in explaining some of the details of the business to a reporter yesterday, said: "I read an account the other day that a locomotive and eight freight cars had been wrecked. The damage was placed at $100,000, which is absurd. A large locomotive can be built for less than $10,000, and freight cars cost from $550 to $775 each, including two pairs of trucks. That would make the loss, at the outside estimate, $6,200 for the freight cars, or a total of $16,200, provided nothing could be saved from the wreck.

"In the particular accident referred to the freight was only slightly damaged. So, you see, the newspaper estimate of the injury done was at least $80,000 out of the way. Four-wheel coal cars of the ordinary pattern cost, complete, $200 each, and drop-bottom gondola cars, $300. Eight-wheel gondolas can be built for from $125 to $275 each, depending whether they have hopper or drop bottoms, or are plain, and the trucks cost from $200 to $250 per pair, extra. In case of damage to refrigerator cars, or freight cars designed for special purposes, through collision or otherwise, the company on whose line the accident occurs settles at a price agreed to by the parties in interest."

"The car works all over the country are more busy than at any time in years. The Indianapolis car works have contracts entered into or sure of getting to keep them busy until April 1. The Terre Haute car works are turning out cars for the Wheeling and Lake Erie at the rate of twenty a day. The Lafayette works are building cars for a southern road and the Lake Erie and Western at the rate of twenty a day. The Pullman car company, freight car department, declines to take any new orders for delivery before February 1. They are now building 400 refrigerator cars; 200 for the Merchants Despatch and the same number for the American Refrigerator company.

"Here in Fort Wayne our car works are kept busy. The department are turning out fifty cars of various kinds every week. The work just now is a little bit delayed by our inability to get material, but this is only temporary."

THE DAY'S NEWS BUDGET.

The Wabash road sent eight persons from this city to Kansas last night.

C. W. Cross, machinist at the Pittsburg shops, is at Altoona, Pa., on business.

Fred Fink drew the horse lotteried off the other day by one of the clerks of the Pittsburg shops.

Harry Manchester, of the Jenney Electric Light works, left last night for Plainfield, N. J.

The Pittsburg car works are not working at night this week on account of the scarcity of material.

B. J. Coyle, machinist at the Pittsburg shops, with his mother, has gone to Altoona, Pa., to visit relatives.

T. F. Waring, ticket agent of the Muncie at Hartford City, spent last Sunday in the city calling on friends.

Mat Backes, of the Pittsburg boiler shops, has recovered from his injuries received some time ago, and resumed his position.

The council will take action at its next meeting to compel the Nickel Plate to put in crossings at Columbia and Clay streets.

Ludwig Gutman has resigned at the Jenney electric light works and returned to New York, his former home, to accept another position.

Lorin Smith, secretary and treasurer of the Hillsdale car company, has gone to Cincinnati after a visit with his brother, E. C. Smith, in this city.

James S. Knox has resigned from the auditor's office of the Grand Rapids and Indiana, to take effect November 1. He is to take charge of the Grand Rapids branch of the National Building and Loan association of Minneapolis.

Martin Brown, formerly a boiler maker at the Bass works, has gone to Bloomington, Ill., to take charge of the boiler department of the Chicago and Atlantic railroad shops located there. Mr. Brown had a large number of friends in this city who will wish him success in his new field of labor.

Three parties of engineers are now at work on the Wabash road from St. Louis, Toledo and Detroit, for the purpose of rechaining the entire distance and running a new line of levels. The road has not been measured for over ten years, and as the location of the track has been frequently changed on account of washouts or straightened in different places, the present table of distances is supposed to be slightly inaccurate. It will take several weeks to complete the survey.

Judge Gresham has issued a decree winding up the Wabash receivership of General McNulta. The receiver has audited and paid all claims except those to connecting roads in the way of balances. These will be turned over to the new Wabash company to settle. The court reserved the power to retake the Wabash should the new company fail in carrying out any part of its agreement. The receiver and his bondsmen, however, were discharged on Saturday from all further liability.

AWAITING THE LAST TRUMP.

The Adventists of Virginia Looking for the Coming of the "King of Kings."

FREDERICKSBURG, Va., Oct. 22.—The Adventists of Virginia have been holding a series of meetings in Spottsylvania and Orange counties for the past two years, under the leadership of Elder R. C. Brown, of New Brittian, Conn. The wildest excitement now exists among certain classes of people in the vicinity of Screamerville all day to-day and to-night the believers will assemble to watch for the coming of the "King of Kings." Should their prediction fail and the Lord not appear the meeting will close and the members of the union retire to their homes until called to assemble again to listen to the teachings of their leaders. This is the forty-fifth anniversary of the going out of the church to meet the Lord in October, 1844. Delegations from Connecticut, Massachusetts, New York, and Virginia, are now in attendance under the leadership of Elder Brown. The meeting will close at sun-rise Wednesday.

A FAMILY SCANDAL.

United States Senator Stewart's Son-in-Law a Worthless Fellow.

SAN FRANCISCO, Cal., Oct. 22.—A family scandal was exposed here yesterday in court when United States Senator Stewart, of Nevada, was cited to show why he should not be punished for contempt for failing to allow his son-in-law, A. W. Fox, to see his three children. Fox and his wife have been divorced several years, and the children have been cared for by the Stewarts.

Fox made a sensational affidavit yesterday, in which he makes various charges against Mr. and Mrs. Stewart. Mrs. Stewart testified that Fox was a worthless character, with whom her daughter fell in love when she was only seventeen years old. To prevent the scandal of an elopement her parents consented to the marriage. The senator repeatedly secured good employments for Fox, but he never kept any. No effort has been made to keep the children from Fox, but he failed to supply money for their support. The judge took the matter under advisement.

MEXICO NEWS.

The Police Busy in Arresting Counterfeiters.

CITY OF MEXICO, Oct. 22.—For the past few days the secret police of this city have been busy hauling in counterfeiting gangs, which have been busily at work here. Last Friday night the police captured a counterfeiter engaged at coining false dollars and secured a large number of dies and spurious coins. Nearly a dozen men have been arrested.

The supposed stolen bonds have turned up all right. Through the carelessness of a clerk in the treasury department, the bonds had been taken to the stamp printing department some months ago to be stamped. They had been forgotten and were only brought to light yesterday by a careful search. The officials and clerks in the treasury department are much elated in consequence.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

Three hundred and eighty-five crows were counted on two trees in a cornfield near Barnesville, Ohio, recently.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

IN an article in the *Observer*, Dr. Charles S. Robinson says he once knew the hymn, "I would not live alway, I ask not to stay," given out in a sanitarium, and sung by two hundred invalids, all of whom had come there because they wanted to "stay," and were doing their costliest and best not to leave this world.

An Official of High Standing Says:

"IF I gave you a pound of metal, and ordered you to make the most out of it, what kind of metal would you select?" asked a well-known jeweler. "Gold, of course," was the prompt reply. "I'd prefer a pound of steel," said the jeweler, "and I would have it made into hair springs for watches. A pound of such springs would sell for an even one hundred and forty thousand dollars."

THE successful American farmer must know more or less of most of the practical sciences in order to take care of his animals, his crops, his machines, to forecast the weather for his seeding and his harvesting, and the prospects of demand for his marketing. He not only reads the papers but he has undisturbed time to ponder on what seems important, to digest it, and form well-considered conclusions.

IN Dublin, a small town in Laurens County, Ga., there lives a blue man. He is a Caucasian, but instead of being white is a greenish blue, and is known as "Blue Billy." His whole skin is blue, his tongue and the roof of his mouth are blue, and where his eyes should be white is seen the same ghastly greenish-blue color.

THE rumors which have been current to the effect that the Empress Dowager Augusta, of Germany, had joined the Church of Rome, have been set at rest by a statement from Weimar, emanating from a high source, to the effect that there is not the slightest truth in the report.

TWO FRENCH sailors were recently under water from nine in the morning until five in the evening. They reached a depth of ten meters, in a submarine torpedo boat, without experiencing the least inconvenience. They were constantly in communication by telephone with a commission.

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremely low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb.
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 30c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

In consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rise in 90 days was equal to 40 per cent, but in the last 30 days the tendency has been downward, and we have reduced all goods to ½, from the highest point we quote now:

Crushed and Powdered, 8½c lb. Cut Loaf and Granulated, 8¼c lb.
Standard Coffee A., 8c lb. Choice Yellow Extra C., 7c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. There is now a prospect of a declining market. We are still selling our coffee's so below the market prices:

LOVE IN NEBRASKA.

It was at Spirit Lake, at the very limit of the pier. They were all alone. There was no moon, but the stars were big and bright and so full of self-conceit that they looked at themselves in the water and winked. Far out a boat slid noiselessly along. In a nearer boat a fair tenor voice carelessly half hummed, half sang a common love song. From the Orleans Hotel came now and then the twang of the strings of the orchestra of mandolins. On such a night as this did Dido stand upon the wild sea bank and wave her love to come again to Carthage. On such a night as this did Jessica—but a truce to the bard! It was the sort of night on which a man could make love to his own wife!—and those two. Edouard and Alicia, had not yet bespoken their tender vows.

"Do you know anything about the stars?" inquired Edouard, in a voice like the murmur of the wind in summer trees.

"A little," answered Alicia, tenderly. "I know some of the constellations—the Great Bear—the——"

"Yes," interrupted Edouard. "I know all about the big bear and I can find the North Star; but right over there is a group. Do you know the name of that?" And Edouard threw his arm across Alicia's shoulder and pointed to a cluster of shining worlds in the East.

Alicia leaned toward him. "I don't know what that is," she breathed as one who did not care.

"And there is another constellation just over our heads!" Edouard passed his arm around her neck, and placing his hand under her chin so tilted it that it would be easy for her to see. And then to Alicia's eyes the Heavens became one grand carnival of constellations. Shooting stars chased each other athwart the firmament, comets played riotous games among the planets, and finally there came a soft and radiant blur which hid them all.

Edouard had kissed Alicia.—*Omaha Republican.*
